Aurora/Fox Valley “City Reaching” Focus of Nov. 14 Clergy Meeting
• **ACMN workshop will discuss being a pilot city for a national movement**

Aurora, Ill. Nov. 2, 2006 (*The Religion Wire™*) — The **Aurora Christian Ministry Network(ACMN)** and the Total Living Network(TLN) are inviting Aurora and Fox Valley area pastors and Christian leaders to the next **ACMN** meeting on **Tuesday, Nov. 14, 9 a.m., at the TLN headquarters**, 2880 Vision Court, Aurora.

The morning meeting’s FREE workshop speaker will be **Randy Schoof**, pastor of the Warehouse Church. Schoof’s workshop topic will be **“City Reaching in Aurora & the Fox Valley”** with a Question/Answer time.

In December 2005, Mission America, www.missionamerica.org, announced the first nine “Loving Our Communities to Christ” (LC2C) pilot cities that will serve as the “proving grounds” for collaborative ministry. **Aurora/Fox Valley** were one of nine communities picked. During the pilot phase, leaders are praying and working together within a collaborative and holistic strategy for reaching their city with the Gospel message. The experiences of these nine diverse cities in the pilot phase will give insight and prepare the way for LC2C efforts in future cities. More information on LC2C and city reaching in Aurora and the Fox Valley is available at the Mission America website.

For more information on **ACMN** and its **Nov. 14 meeting with Randy Schoof**, call (630) 879-8828, or visit its website at <http://www.acmn.org>. Refreshments and “goodies” will be served. **RSVP is requested.**
